STOCKYARDS WINS TOURNAMENT HERE

MARYVILLE TEAM SECOND IN GREAT BASEBALL EVENT

FINE PLAY IN 24 INNINGS

Locals Had Visitors Worried, But Cracked in Last Third of Game—Largest Crowd Out in Years

The shades of eve were falling fast yesterday when Henry Buhler, third man at bat for Maryville in the last half of the ninth inning, tapped a little grounder in front of the plate and declined to run to first, thereby bringing to an end what was unquestionably the greatest day of baseball in Maryville in many, many years. The Stockyards team from St. Joseph won the tournament by defeating Gentry 4 to 0 and Maryville 13 to 2; Maryville was runner-up, defeating Agency 7 to 3 and losing to St. Joseph, while Gentry and Agency divide third place, each losing its first game and being eliminated. Gentry should have the preference perhaps, for Gentry lost to the tournament winners.

The greatest crowd Maryville has turned out for baseball in many years was present. Conservative estimates set the number at 700 for the afternoon games. The country was well represented, and each visiting team brought a delegation of fans. The park was jammed with automobiles.

The fans got their money's worth, too. Twenty-four of the twenty-seven innings were good baseball. Even in the last game, which Maryville lost by such an overwhelming score, the interest was intense for the first six innings. In that period, Van Meter allowed only two hits and outpitched his St. Joseph opponent. In the seventh inning—about 7 o'clock in the evening.—the Maryville team, worn out by the strain of two hard games in close succession, cracked under the strain, and the balloon went up.

The Stockyards players made ten of their thirteen runs and seven of their nine hits in the last three innings.

The interest had been great up until that time. The early Stockyards lead had been cut down, so that the count was 3 to 2; twice in succession Bilk had tripled, and Churchill had brought him in with a hit. Everybody expected the Comets to revenge themselves for the two trimmings the St. Joseph team had given them on the local grounds earlier in the season.

It in the seventh, with the bases full and one down, Stephens, usually so reliable, missed an easy foul fly, and the charm was broken. Hits and errors followed so that St. Joseph put the game on ice in that inning with four runs.

250 GUESTS AT HOMECOMING NEAR BURLINGTON JUNCTION

There were 250 guests in attendance at the homecoming celebration held yesterday at the home of Sam Culver, two miles and a half northeast of Burlington Junction. The party was given in honor of the returned soldiers, sailors and marines of the neighborhood. Fried chicken, with all the customary trimmings, was served. Prosecuting Attorney Charles F. McCaffrey gave the principal address of the afternoon.

FIFTY-TWO CHILDREN ON LIST OF THE UNEXCUSED ABSENCES

The names of fifty-two children of school age who have unexcused absences marked up against them by the school authorities were turned over to Ed Wallace, attendance officer, today. About forty of the names on the list are new entries who have yet to be given their three-day warning. The others have been warned and must now deal with the officer of the law personally.

Wallace said that no doubt there were some of the fifty-two who had perfectly valid excuses, and when such excuses were made the list would be materially reduced. The compulsory attendance law is unquetsionably working out well and little trouble is expected here. Only a few are expected to bring upon themselves the penalty of the law.

WRITER HERE TO INVESTIGATE VITALIZED AGRICULTURE WORK

A. B. McDonald of the Country Gentleman is in Maryville today getting a story about the schools of this county and especially the vitalized agriculture work being done here. Mr. McDonald, in company with County Superintendent Bert Cooper and Mrs. W. O. Griffey, are visiting some of the county schools today. Mr. McDonald will attend the Commercial Club meeting this evening at the Bainum hotel.

Mrs. W. O. Griffey, formerly Miss Eva Whitehead, began her work this morning in charge of the vitalized agriculture work in the office of the county superintendent of schools. Her work will consist of keeping up all correspondence with the children and teachers, outlining for community exhibits, assisting any of the teachers who are teaching vitalized agriculture, visiting schools, and attending conferences held bi-monthly of these teachers.

THREE LOCAL HORSES TAKE THREE RACES AT ST. JOSEPH

Frank McClain of Maryville, who was represented by three horeses in the running races at St. Joseph last week during the afil festival, has returned to Maryville with money from five placings, including there firsts. Lady Hester, Hattie Will Do and Good Enough each won a race, one the 5/8-mile, one the 3/4-mile and one the mile.

Although Good Enough placed merely second in another race an onlooker was so impressed with the showing that he offered Mr. McClain $1,000 for the animal.

Mr. McClain will take his horses to Parnell for about a month, after which he will go to New Orleans, where a 90-day racing meet will be in progress all winter.

ALL IS READY FOR M. E. CONFERENCE

HOMES OF MARYVILLE ARE OPEN TO THE DELEGATES

BEGINS TOMORROW NIGHT

Three Speakers on Program Then—Board Will Examine Candidates for the Ministry Tomorrow

Members of the Maryville church are preparing their homes to entertain the many delegates expected to attend the Missouri Conference of the Methodist Episcopal Church which will formally open at 8 o'clock tomorrow night, with Dr. W. F. Burris, chairman of the Conference Claimants Society, presiding. The entire program will be given over to the anniversary celebration of the Conference Claimants Society.

Dr. J. D. Mendenhall of Brookfield, Mo., district secretary for the Conference Claimants Society and former pastor of the church at Burlington Junction, will address the conference delegates, taking up the work of the organization, which is conducting a campaign to raise $200,000 for the support of retired ministers. In his address Dr. Mendenhall will tell of the work that has been done for the aged ministers, the debt of the church people to them, the number of them in this district, and what their condition is at the present time.

Dr. J. D. Mendenhall

Following this address, Dr. G. A. Robbins, former pastor of the local chuch, will make a similar address, stressing the relation of the Missouri Conference to the retired ministers in the conference.

The evening's program will be concluded by an address by Dr. T. A. Stafford of Chicago, treasurer for the Conference Claimants Society of the Methodist Episcopal Church of America, who will speak of the work of the society from the broad viewpoint of the church as a whole.

All day tomorrow the Board of Examiners of the Missouri Conference will conduct examinations for the young theologicalstudents who desire to enter upon active work in the ministry of the church. Many of these prospective pastors have arrived in town already, and it is expected that evening will find them all here.

One of the features of the week will be a display of books by the Methodist Book Concern of Kansas City. These books will include special lines of publications for Sunday School and Epworth League work and books dealing with theology, bible study and fiction.

Called to Son-in-Law's Bedside

Mr. and Mrs. C. A. McCoppin of Maryville left yesterday for Shreveport, La., in answer to a telegram from their daughter, Mrs. Chester Bennett, stating that her husband is seriously ill with lockjaw in a Shreveport hospital. The telegram gave no particulars. Mr. and Mrs. Bennett moved from Maryville to De Ridder, La., several years ago and have made their home there since.

REPORT SHOWS $10,000 RAISED BY M. E. CHURCH HERE IN YEAR

The best report that the First Methodist Episcopal Church of Maryville has ever had will be read at the business meeting of the Missouri Conference here, when it goes into session at 9 o'clock Wednesday morning.

The local church has raised for various church purposes approximately $10,000 this year. This sum is larger than usual because it includes in it funds for the Centenary movement, which features the biggest year in the history of the church.

The congregation under the inspiring leadership of Dr. Gilbert S. Cox has increased membership to the number of fifty, possibly the largest yearly increase ever known here.

Three hundred and fifty-six church members have joined the Intercessor's League, the purpose of which is to pray every day for the advancement of the church here and throughout the world, to pray for extension of church missions, and to pray for the strengthening of themselves in the spiritual life.

Sixty-five have signed the pledge of the Tithers. Three young people of the church have volunteered their services for special duties in the church.

The Intercessors' League an dthe Tithers are organizations growing out of the Centenary movement.

The various funds raised by the church the last year are distributed in several departments. For the Centenary fund, a contribution of $2,875 was made. To the various benevolences, $896 was given. A fund of approximately $500 was raised for Missouri Wesleyan College, Cameron, Mo. To the Women's Home and Foreign Mission Society, $1,125 was contributed. For the current expenses of the church, pastor's salary, and the salary of the district superintendent, approximately $4,500 was raised.

MET HIS CIVIL WAR "BUDDY" AT THE G.A.R. ENCAMPMENT

The annual Grand Army of the Republic encampment means a great deal to Nat Sisson of Maryville, who has just returned home from the most recent session, held last week in Columbus, Ohio. The meeting next year will be at Atlantic City, N. J. Mr. Sisson reports that the accommodations at Columbus were taxed to the limit, that the crowd was the biggest Columbus has ever handled, although several large meetings have been held there, and that everyone agreed that the session was one of the best ever held.

Several delegates from Nodaway county were in attendance, but only three or four managed to get together, so great was the crush. Among the happiest meetings of Mr. Sisson was one with his old "bunky" during the war—Samuel O. McElhaney of Gallia county, Ohio. Mr. Sisson and Mr. McElhaney enlisted together in Company A, Second West Virginia Cavalry, and it was through wearing the badge of the regiment at the encampment that Mr. Sisson met his friend. They had not seen each other for thirty-one years.

Mr. McElhaney was wearing a medal awarded him by Congress for his bravery in capturing a Confederate battle flag in a skirmish at Sailor's Creek in 1865. Mr. Sisson was not present at this affair, as his horse was shot from under him the day before and he was following his command on foot, carrying his saddle, as the regulations required.

41 INDIVIDUALS IN COUNTY TO PAY $748.33 INCOME TAX

Deputy County Clerk Fred Wright is still figuring out the tax lists. Just now he is getting up the data on the income taxes. Oh, yes, Nodaway county has several.

Forty-one individuals in the county will contribute a total tax of $748.33. The assessment is figured on one-half of one per cent of incomes above $4,000 for married men and incomes above $2,000 for single men.

Twenty-nine corporations will pay a total of $845.50. This year is the second that the income tax law has been in force. The money, which will be collected along with the other taxes, will go to the state.

ALL WELL AGAIN AT WATER PLANT

BOTH PUMPS WORKING AND PRESSURE IS NORMAL AGAIN.

BROKEN CASTING MENDED

Superintendent of Schools Issues a Warning, But Mayor Says Water Is Safe, Though Unfiltered.

Owing to the impure city water all school children are urged to get drinking water at home before coming to school and at noon. Fresh well water will be supplied at the high school building only during the recess hours. All children who wish to drink water at school should bring a cup of their own to school for this purpose, so they may avoid using a common drinking cup. Plenty of water may be had at the ward buildings at all hours of the school day. We will much appreciate the co-operation of all parents of school children during this temporary inconvenience.

J. M. M'DONALD,
Superintendent of Schools.

The worn and haggard look on the face of Mayor W. O. Garrett is changed to a smile since 5 o'clock yesterday afternoon, for both pumps at the city water station are in action again, and plenty of water is flowing through the mains.

Solon Clark succeeded in welding the broken casting on the big pump and yesterday afternoon he, together with Engineer Bert Hilsenbeck and Mayor Garrett, succeeded in installing the big pump in its old place. Since that time there has been normal water pressure and supply in the mains of the city.

"The water is not being run through the filter because it would make too much of a strain on the old worn out pumps," said the mayor. "However, the water is being treated to kill all infectious and organic germs as before. Compounds of hypochlorate of lime, lime and alum are being dissolved in the water before being pumped uptown.

"I drink the water myself and am confident that it is as pure as it ever has been. Paople can use their own opinion in the matter, however. The filter is mainly used for clarifying purposes and has little to do with the purity of the water otherwise."

E. E. Harper, consulting engineer for the city commissioners, and engineer for the Randall Construction Company, which has the contract for the improvement of the city water plant, will begin work this afternoon surveying and staking out sites for the new reservoirs and excavations which are to be made.

Five teams are unloading rock at the pump station today. This rock is to be used in concrete work on the reservoirs.

GIVE US THE WATER, SAYS MR. EVERHART; LOTS OF ICE TODAY

Shortage of Friday and Saturday Relieved—Caused by Break in Plant and Lack of Material

The ice situation in Maryville has improved with the water situation, and the supply today is up to normal. "As long as there is water, there will be ice," said William Everhart of the Everhart Ice and Coal Company this morning.

No ice was available last Friday or Saturday, partly because of a slight accident at the ice plant and also because of the fact that there was no water available. With the turning on of the water late Saturday, the ice plant began working again and there was more than enough ice for those who wanted it yesterday.

$312.50 an Acre for Melvin Farm.

Another high price for Nodaway county land was recorded Saturday when J. E. Melvin of Maryville sold his 160-acre farm, two miles south of Maryville, to D. O. Belt of Shenandoah, Iowa, at a price of $312.50 an acre. The cash total is $50,000. Possession will be given March 1, 1920. The sale was made by olmes & Wolfert.

Put Your "Straw" in the Moth Balls.

If you come uptown tomorrow wearing the same hat that you placed on your head last May 15, you will be flagrantly violating the dictates of fashion, for today marks the official end of the straw hat season. With the passing of the "straws" the "felts" come into their own.

FORMER PARNELL MAN KILLED; STABBED BY TWO MEXICANS

John Milligan, son of Mr. and Mrs. A. J. Milligan of Parnell, was killed last Friday in Arkansas, just across the line from Hope, La., when two Mexicans attacked and stabbed him. Mr. Milligan, with his wife, was traveling with a show of which he was the proprietor, at the time of his death. He was 36 years of age.

Mr. Miligan is survived by his wife, his parents and three sisters, Mrs. Ace Herndon and Mrs. Frank Geisken of Parnell, and Mrs. Maggie Stingley of St. Joseph, and three brothers, A. J. Milligan of Wyoming, and Charlie and Will Milligan, living in Colorado.

The body arrived in Parnell this morning, and funeral serices will be held at 2 o'clock tomorrow afternoon.

DANGER FROM OLD PRISONERS KEEPS U.S. TROOPS IN SIBERIA

Washington, Sept. 15.—There is still actual danger from armed Germans and Austrians who were former Russian war prisoners in Siberia, Secretary Baker said today in explaining to the House Military Affairs Committee why American soldiers as well as those of Japan and the allies were being kept there.

PRESIDENT MAKES HIS LABOR POLICY

ARRIVES AT PORTLAND WITH HIS PLANS DETERMINED

WILL CALL ALL LEADERS

Labor Chiefs, Capitalists and Farmers to be Asked What They Will do at the Coming Meeting

Portland, Ore., Sept. 15.—President Wilson landed in Portland today with his labor policy fully determined. It is expected that invitations to the coming labor congress in Washington will be forthcoming the present week. There is not a single word regarding the contents of the president's message. No news will be given out until the message is made public. It is possible to state on the highest authority that the president plans to take the leaders of the labor movement, capitalists whose names talk when money is mentioned and the farmers, who hold the balance of power, and make them come out in the open and say what they are willing to do during the next year to restore the economic stability of the world, including the United States.

During the afternoon the president and his party will be guests of Colonel Jackson at luncheon. Tonight President Wilson will deliver a set address.

Strike Not Called Off, Says Gompers.

Washington, Sept. 15.—The report that the steel workers of the country have decided to postpone the general strike called for September 22 until after President Wilson's conference at the capital with labor representatives next month was characterized today by Samuel Gompers, president of the American Federation of Labor, as entirely inaccurate.

Police Strike Situation Unchanged.

Boston, Sept. 15.—The situation resulting from the police strike was virtually unchanged, following a conference between Police Commissioner Curtis and policemen's representatives, including a representative of Samuel Gompers, president of the American Federation of Labor.

Maryville Negro Girl Weds.

A marriage license was issued Saturday afternoon to Leslie Lewis of Savannah, Mo., and Miss Laura Williams of Maryville. Both are negroes. They were married that evening by Justice W. L. Johnson and will make their home in Saannah. The bride is a daughter of the late "Big George" Williams of Maryville.

Uncle Joe Graves Buried.

One of the longest funeral processions that ever passed through Maryville made its way from near Skidmore to Oak Hill cemetery, north of Maryville, yesterday evening. White folks and black alike were in the line, for it was the funeral of Uncle Joe Graves, who died Friday at his home, four miles east and a mile south of Skidmore. The services were held at the home at 3 o'clock, conducted by the Rev. L. P. Bryant ,pastor of the A. M. E. church of Maryville.

Pickering Boy Tells of His Trip To the State Fair at Sedalia, Mo,

Russell Clayton of Pickering, Who Attended the Missouri State Fair at Sedalia and Also Was a Student at the Boys' Fair School, Has Written the Following About the Fair.

Leaving Maryville the morning of August 9, with transportation paid by kindness of the Commercial Club and county superintendent, I arrived at Sedalia about 9 p. m.

After some trouble in securing directions, I took a street car out to the grounds, which were at least four miles from town. The cooks had life, but I received a cold meal.

The boys' camp contained eleven tents, each accommodating an average of eight boys. White City lay on our right, a great assembly of tents. A large dining tent served us cafeteria style a variety of excellent food.

A. G. Norris of Sedalia, a returned soldier and advocate of military discipline, was in charge of about ninety boys. I found that Nodaway county had the largest number of exam. contestants. Lectures and practical demonstrations were held in a large auditorium every morning by prominent Missourians.

The fair buildings were large and of pleasing outlines. The buildings housing the stock were sanitary and spacious. The grandstand seated at least ten thousand people, and they were only a percentage of the crowd.

I was interested in the exhibits of stock and machinery, but especially the war machinery furnished by the government. It was a perfect collection, amlost, of the weapons of war, both of naval and military type. About eight aeroplanes were maintained on the grounds.

Concerning amusements and attractions, there were the customary midway and side shows, but not one trace of illegal gaming and immoral side shows, as at some county fairs this year, was in evidence. Horse and auto races caused much interest and excitement, but auto polo was the capping climax, it seemed. I was as excited as the rest when the Fords (in special skeleton frames) would climb over each other, break axles, engines catch fire, and the excited and angry drivers and players would engage in a general fight. The game was played by champion American and British teams. The battle of St. Mihiel was a realistic affair. Its participants numbered about a hundred soldiers. A large army searchlight and armored tanks and automobiles weer used in connection with dynamite and wonderful fireworks.

Friday night we had a near cyclone which tore up tents, fences, etc. My tent blew down and several of us got under a tent that was tied to a tree. We were certainly water-soaked along with our luggage. Saturday morning most of the boys went to the depots. I waited three hours for a train, but found out it had jumped the rails at Tipton. A train was made up at Sedalia and reached Kansas City in time for me to catch respective trains for home. I was glad to get here, for the night before had taken all of the glamour out of staying there any longer.

MARGUERITE CLARK TO COME HERE IN "MRS. WIGGS" FILM

Popular Star Completed Picture After Her Recent Honeymoon — She Plays Part of Lovely Mary

Marguerite Clark, the popular little Paramount star who recently became the wife of Capt. H. Palmerson Williams, after spending her honeymoon in Waschington completed her new paramount picture, "Mrs. Wiggs of the Cabbage patch," which will be shown at the Empire theatre tomorrow night. In this famous subject Miss Clark plays the part of Lovey Mary, that immortal character which is familiar to every child as well as the grown ups.

During her absence from the studio a complete apartment had been fitted up at the 56th Street, New York, studio for Miss Clark. There are three rooms and kitchenette so that Miss Clark's maid may cook dainty lunches when the Paramount star is too busy to go out for it.

"Mrs. Wiggs of the Cabbage Patch" was staged under the direction of Hugh Ford, who produced the play in London as well as in New York. The casts presents one of the most notable aggregations of popular Paramount and Artcraft players ever disclosed in a film.

What other phonograph dares this test?

DID you ask some one about the Edison Tone-Test recital given last monday at the M. E. Church? The startled audience heard Odette Le Fontenay's living voice flood the packed house. It then heard the New Edison* match that voice, even unto its finest variation of shading and feeling. Any one who was present will tell you.

THE VOICE OF THE LIVING ARTIST AND ITS RE-CREATION BY THE NEW EDISON CAN NOT BE TOLD APART.

It is no idle phase that you can enjoy Case, Middleton, Hempel, Matzenauer, Spalding—in your own home. The New Edison brings all that the great artist can bring, except his physical presence. It is the phonograph triumph of the age.

*The instrument used in the Tone-Test is the regular model which sells for $285. It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

Lester Fannon Dead.

Lester B. Fannon, sixteen year old son of Mr. and Mrs. W. F. Fannon of Barnard, died early Saturday morning in a St. Joseph hospital following an operation for appendicitis. The body was taken to Barnard for burial and funeral services were held this morning at 11 o'clock in Pleasant Grove Church, northwest of Barnard. Burial was in Pleasant Grove cemetery.

Miss Johanna Standon of East Third street was a visitor in St. Joseph Sunday, returning to Maryville last night.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used anually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

Do You Remember Gasless Sundays?

NO better way could be found to illustrate and emphasize the usefulness of the Standard Oil Company (Indiana), and the broad and varied service it renders, than to take five minutes and imagine a gasless year.

Think how our lives instead of being full and complete through association with our fellow men would be circumscribed by the barriers set up by shank's mare.

Think how manufacturing would be hampered. How industry generally would be crippled. How crops would go to waste through inability to harvest, and the leaps and bounds that the cost of living would take.

Instead of the natural expansion of business that comes from service and usefulness, the whole structure of business would be hampered through sheer inability to render to society that service which society has been accustomed to demand.

The Standard Oil Company (Indiana) is a public servant owned by 4649 stockholders, no one of whom holds as much as 10 percent of the stock.

The Standard Oil Company (Indiana) is doing a big job in a big way and has grown great simply by reaping the rewards that come from rendering the service demanded by business and society in a manner satisfactory and beneficial to the world at large.

You Can't Cure Rheumatism With Liniments and Lotions

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you never will succeed. Try the sensible plan of finding the cause of the pain. Remove the cause, and there can be no pain.

You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has no equal as a blood cleanser, scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store and get on the right treatment to-day. If you want special medical advice, address Medical Director, 99 Swift Laboratory, Atlanta, Ga.

The so-called morning game did not start until after 12 o'clock, but when it did start it was a hummer. Gentry put up a hard fight and had the St. Joseph visitors worried. It was a pitchers' battle; Shaner got thirteen strikeouts, while Patton, a left-hander, counted twelve. The St. Joseph team fought for every decision and drew down the wrath of Umpire Keck on several occasions. Once he pulled his watch and gave the Stockyards a minute to continue the game — and the game went on. A good crowd was present, although no so large as in the afternoon.

The opening game in the afternoon, between Maryville and Agency, was well played but unexciting. Welling couldn't stand the strain, and Black succeeded him on the mound in the third inning. Reynolds, the deaf and dumb pitcher from Agency, was steady enough, but Maryville got to him when hits were needed.

Freemyer Waives Preliminary.

Henry Freemyer of Parnell, who was arrested a week ago last Saturday on a charge of receiving stolen property, in connection with a charge in Worth county of stealing a motor car from James L. Pierce of near Worth, waived his preliminary hearing this afternoon in Justice W. L. Johnson's court in Maryville and was bound over to the September term of the circuit court on a bond of $1,750, an increase of $250 over his former bond. Newt Long of Worth county went on the bond. Freemyer is now up for trial in the two counties on the two separate charges. James Anderson, prosecuting attorney of Worth county, was here for the preliminary, as were Ed Kelso, Freemyer's attorney, and J. B. Matteson, deputy sheriff of Worth county.

Hearing on Extradition Soon.

Sheriff John F. Dowden returned to Maryville Saturday afternoon from Des Moines, Iowa, where he presented to Governor Harding of Iowa the extradition papers issued by Governor Gardner of Missouri for the return to Nodaway county of L. E. Parker, a Chicago Great Western fireman, who is held there on a statutory charge. The Iowa governor will grant a hearing on the request at 9 o'clock Saturday morning. If the decision is favorable Parker will be brought at once to Maryville and lodged in the Nodaway county jail.

Set Out Peony Roots

in September and October for best results. Will bloom the following May and June. Peonies should be more extensively planted by everyone. The ease of culture has made the Peony the most popular of Spring flowers especially where a lavish display of bloom and color is desired. We are offering this fall 1000 strong 3 to 5 eye divisions of the leading standard varieties true to name and color at 50c each, $5.00 per dozen. You can buy cheaper peonies, but you cannot buy better peonies than we are offering at the above prices. Orders filled strictly in rotation. Roots will be ready by end of Setpember.

To TASTE
How Far does your cigarette go?
It gets to your taste, of course. Otherwise you wouldn't be smoking it—but
Does it stop at Taste?
Taste, after all, is only the half-way point to the real goal of cigarette enjoyment.
Chesterfields go further
They go straight to your "smoke-spot". They let you know you're smoking. They satisfy.
Light up a Chesterfield some time today and see how quickly your smoke-sense will put the O.K. on—
They Satisfy
